

REMARKS

This application was allowed in the Notice of Allowance mailed October 30, 2009. The issue fee is being paid concurrently with the filing of this Amendment.

Subsequent to receipt of the Notice of Allowance, Applicant noted that the priority information entered by the Examiner's Amendment included in the Notice of Allowance, and in the Preliminary Amendment filed March 23, 2005, is incorrect. The correct information appears in the Application Data Sheet ("APS") filed with this application on March 23, 2005. As indicated on page 7 of the APS, Applicant claimed benefit of PCT/FR03/02788 filed September 23, 2003, and French Application No. 0211728 filed September 23, 2002. The correct priority information also appears in the declaration of the inventors filed May 4, 2005, and on the face of the published application, U.S. Publication No. 2006-0035309 A1, published February 16, 2006. This amendment is submitted to correct the first paragraph of the specification so that it reflects the accurate priority application information.

The requested amendment will not require an additional search, and does not raise new issues. Therefore, Applicant respectfully requests that the Office enter the Amendment and make the requested change to the specification.

Please grant any extensions of time required to enter this response and charge
any additional required fees to Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
